

LADYBIRD CLASS

PEEK AT THE WEEK ~ 6.10.25

Hello!

Hopefully you will all have received details about Parent Evening appointments. If you have any questions about the process then please do contact me.

I hope you are all enjoying the observations on Tapestry, please remember that you too can upload photos or details of activities at home. It is great to hear about and see things that the children are doing outside of school and most especially if they link to our learning.

This week's learning

Phonics - our phonemes for this week are i, n. and m.

Maths - we move on to Block 2 of our maths learning. We start this section looking at measures - length, height and capacity.

Literacy - Stanley's Stick - our story this week is about a young boy whose favourite toy is a stick. His stick can be anything he wants from a dinosaur to a telescope.

Understanding the World - maintaining our focus on our bodies we start to look at our senses this week. We learn about the five senses of touch, smell, sight, hearing and taste.

CULTURAL CAPITAL

- This week we join the Go-Jettors as they try to save the Segovia Aqueduct in Spain.
- The aqueduct was built by the Romans and is still in use today.
- It was built without any kind of cement or mortar.

Contact

You can reach me by email. I aim to answer emails within 24 hours, if they are sent after 5pm on a Friday this may be longer.
