

## LADYBIRD CLASS

# PEEK AT THE WEEK ~ 3.11.25

### Hello!

I hope you were all able to have a relaxing and enjoyable half term break. The coming term is always rather busy with events at school and for families, please keep a watch on the school newsletter for dates. Hopefully you will all have received notification of our trip to the Science Centre in Oxford - this is a purpose built unit and we will be taking part in their planned activities around space to link in with our topic.

### This week's learning

**Phonics** - our phonemes for this week are k, recapping set 3 - gock, and moving on to set 4 ck and e.

**Maths** - we continue Block 3 this week - It's me 1, 2, 3! We are exploring the concepts of 1 more and 1 less for the numbers 1, 2, 3.

**Literacy** - Poppies - a short animation from the BBC. The story is a gentle introduction to the reason that poppies are used as a symbol of remembrance. It follows two rabbits who find their field destroyed and then watch it come back to life - full of poppies.

**Art** - we will be exploring the primary colours and what happens when they are mixed!

### SCIENCE - UTW

- Our new topic for this half term is 'Super Space - What happens in the dark?'
- We start by finding out what we already know and then going on a grand tour of space.
- Learning terms like asteroid belt and solar system.

### Contact

You can reach me by email. I aim to answer emails within 24 hours, if they are sent after 5pm on a Friday this may be longer.
