

Dragonfly Class Bulletin

10th November 2025

Dear Parents,

Highlights from Last Week

We've had a cracking start to the half term with plenty of exciting learning taking place. The children have created impressive firework pictures using salt painting, made maps of our classroom and explored the importance of light in Hinduism among many other activities. Their engagement with our new topic: Toys From the Past is wonderful to see. They have settled brilliantly into our new blended provision layout and routines showing curiosity, independence and enthusiasm for learning. We are so proud of them all!

This Week's Learning

English & History - Toys from the Past

The children will be introduced to a non-fiction report all about toys from the past. They will identify the key features and familiarise themselves with the layout.

Maths

- Year 1: Number bonds to 10 and addition.
- Year 2: Counting in 3s, number bonds to 10 and fact families.

Science

The children will continue to compare the differences between things that are living, dead and things that have never been alive.

Dragonfly Class Bulletin

Spanish (Mrs Godall)

Dragonfly Class have listened to the story of “Elmer, el elefante multicolor” and have started learning the colours, thinking about what is different and what is similar to the language they already know. We have worked together on finding strategies to remember those words that are trickier to remember.

Cultural Capital

Mountain gorillas in the Congo.

PE

Please remember to send children dressed in PE kits with school shoes on Tuesday and Friday. They do not need their uniform on these days. For health and safety reasons, long hair must be tied up and only small stud earrings are permitted. If earrings are worn on PE days, they will need to be removed by the wearer or covered with tape, which we can provide.

Thank you for your continued support.

Warm regards,

Mrs Wahid and Mrs Mason-Cook
