

	Autumn	Spring	Summer
Ladybirds (Reception/Year 1)	What is geography?	Hot and cold areas of the world	Oceans and continents
Key Question	What is geography?	If you were going to visit a hot place and a cold place, what would you pack and why?	How do maps and globes help us to understand the world's continents and oceans?
			
Dragonflies (Year 2)	The United Kingdom	Weather	Contrasting Places
Key Question	How do the different countries, cities and natural features of the United Kingdom fit together to make a unique place to live and explore?	How does the weather in the United Kingdom change from day to day and season to season, and what does it mean for the things we do?	How is the place where we live similar to, and different from, Kenya, and what does that tell us about the world around us?
			
Hedgehogs (Year 3 and 4)	The United Kingdom	All Around the World	Land Use
Key Question	How do physical and human features shape the United Kingdom?	How are different places around the world similar and different?	How is land used in different ways and why does it change?
			
Otters (Year 5 and 6)	Marvellous Maps	Our Changing World	Enough for Everyone
Key Question	How can maps help us understand a place and how it has changed over time?	How and why does the Earth change over time?	How can we use the Earth's resources more sustainably?
